

The Young Texans Against Cancer (YTAC) is an independent, nonprofit organization comprised of young men and women between the ages of 22 and 45 who are eager to become more involved in the fight against cancer. Many members have either lost or witnessed a loved one fighting cancer and others are looking for a way to become more actively involved in the community. Our organization is focused on raising funds for local support and research organizations, helping to educate our community on cancer research, and increasing awareness of cancer. For more information, you can visit us online at [www.ytac.org](http://www.ytac.org).

**★ 2010-2011 San Antonio Board of Directors ★**
