

Super Gala 2004:

We want to thank all of you who attended and/or contributed to the YTAC/Stehlin Gala this year. We had an incredible turnout with 720 attendees! Additionally, through ticket sales and the outstanding auction items, we were able to help raise over \$600,000 for the Stehlin Foundation.

We would like to extend a special thanks to a few of the YTAC representatives who made the evening so successful: Ashley Morgan, Erin Fowler, Catie Pagel, and Andrea Montgomery. These ladies worked extremely hard to put together such a wonderful event.

Lab Tours:

Stehlin Foundation staff members have graciously agreed to conduct either luncheon or after-work tours of the research lab. The tour will last about one hour, and we encourage you to take advantage of this opportunity. Seeing is truly believing! Please contact Colleen Colton at least 48 hours in advance by telephone (713-756-2853) or by email ccolton@stehlin.org and sign-up for your lab tour. Feel free to bring new "guests" also. Ten is the maximum number that can be accommodated for each tour to allow for an effective presentation.
